## Purpose

THIS Society is non-sectarian and non-partisan in religious and political matters and its purposes are stated in the Constitution, viz.:

**"The California Society, Sons of the Revolution, has been incorporated for the purposes of perpetuating among their descendants, the memory of those brave men who periled their lives and fortunes in the War of the Revolution to wrest the American Colonies from British dominion; for the collection and preservation of manuscripts, records and documents relating to that contest for Independence; for the inspiration among its members and their children of the patriotic spirit of their forefathers; for the inculcation of a love of country and veneration for the principles which are the foundation of our national unity, and the promotion of social intercourse and cordial fellowship among its members."**

## Eligibility

The following are part of the Constitutional requirements for membership:

Any male person above the age of twenty-one years shall be eligible to membership in the *Sons of the Revolution* who is descended from an ancestor, as the propositus, who, either as a military, naval or marine officer, soldier, sailor, or marine, or official in the service of any one of the thirteen original Colonies or States, or of the National Government representing or composed of those Colonies or States, assisted in establishing American Independence during the War of the Revolution, between the 19th day of April, 1775, when hostilities commenced, and the 19th day of April, 1783, when they were ordered to cease.

*Provided:* That when the claim of eligibility is based on the service of an ancestor in the "minute men" or "militia," it must be satisfactorily shown that such ancestor was actually called into the service of the State or United States, and performed garrison or field duty; and

*Provided further:* That when the claim of eligibility is based on the service of an ancestor as a "sailor" or "marine," it must in like manner be shown that such service was other than shore duty and regularly performed in the Continental Navy, or the Navy of one of the original thirteen States,

or on an armed vessel (other than a merchant ship) which sailed under letters of marque and reprisal, and that such ancestor of the applicant was duly enrolled in the ship's company, either as an officer, seaman, or otherwise than as a passenger; and

*Provided further:* That when the claim of eligibility is based on the service of an ancestor as an "official," such service must have been performed in the civil service of the United States, or of one of the thirteen original States, and must have been sufficiently important in character to have rendered the official specially liable to arrest and imprisonment, the same as a combatant, if captured by the enemy, as well as liable to conviction of treason against the government of Great Britain.
